SOMETHING

a long time ago...
when our family was still poor,

Dad invented the (Lucid Dream) series as a hospital healing tool.

he set up a small company.

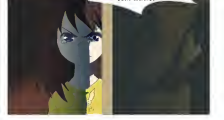
SYtech

He met a big hospital's boss, Lee Soo-Hyun.

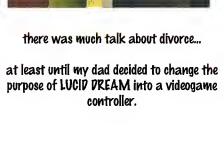
Through the boss, he started planning and commercializing the use of LUCID DREAM.

QUITE FANTASTICALLY...

and it didn't work out.



WELL, YOU'RE NOT THE ONLY SAD PERSON HERE!
WITH THAT MONEY, WE COULD SEND SUYUN TO COLLEGE AND MORE INSTEAD!
WHILE SUYUN FOLLOWED THE MENTALLY DISABLED BOY LIKE A PUPPY!



there was much talk about divorce...

at least until my dad decided to change the purpose of LUCID DREAM into a videogame controller.

YOUR DADDY BUMPED INTO THAT DOCTOR RECENTLY!
HE WAS SO THANKFUL OF YOU FOR HANGING OUT WITH HIS BOY. THAT CUTE LITTLE BOY!
I remember you calling him dumbest child and me his puppy...
SO YOU WANT ME TO BE HIS NUTHEAD'S SLAVE AGAIN?
OHOHO, DON'T BE SO CRUEL!
BESIDES, IF YOU HELP HIM, HE GETS CURED A LOT FASTER.
AND HE WON'T BE TOO BAD, I HEARD HE WENT THROUGH TREATMENT IN GERMANY!
HMMM...
